CS122 Computer Science II

Prerequisites: CS120

Text: *GUI Java (part two)* Barry Peterson & Lawrence Ellerbruch
Significant changes have been made to the text. I recommend that you get the latest version (Summer 2003).

Supplies:

A computer is necessary. Free or very inexpensive software is available.

General Information:

This course is primarily a course in programming technique. We will look at program organization, algorithm design and specific design features of Java.

Grading will be done about two–thirds on tests (of which there will be two or three) and one–third on laboratory assignments.

Physical Disabilities:

I will help you as I can, be sure to ask!

The Coordinator of Disability Services is in the Office of Student Support and Disability Services, room 1104 in the University Center. The phone number is 227-1737. Reasonable and effective accommodations and services will be provided to students if requests are made in a timely manner, with appropriate documentation, in accordance with federal, state, and University guidelines.
