# CS 101-02-05F
# FALL 2005
# WEB SITE CONSTRUCTION

4 credits
Monday Wednesday Thursday Friday 10:00 – 10:50 A.M.
Monday 29 August 2005 through Friday 9 December 2005
except Monday 5 September 2005, Friday 14 October 2005, Wednesday 23 November 2005 through Friday 25 November 2005
Final Exam: Wednesday 14 December 2005 10:00 – 11:50 A.M.
1209 New Science Facility
Instructor: Andy Poe, 1129 New Science Facility, 227-1598

This class covers how to design a web page from scratch. (We will not be using FrontPage or anything like that.)

Text: No Required Textbook. A good (and cheap) reference book is *HTML for the World Wide Web with XHTML and CSS: Visual QuickStart Guide*, Fifth Edition, Elizabeth Castro, ISBN 0321130073. However, this book is not required. If you think you might be interested, check bookpool.com and amazon.com to see if you can get a decent price.

Courseload: There will be weekly quizzes and frequent programming assignments. These will comprise 60% of your final grade. There will be two in-class exams each comprising 10%, and a final exam comprising 20%.

Office Hours: Monday Wednesday Thursday Friday 3:00 — 5:00 P.M., or by appointment.

Disability: If you have a need for disability-related accommodations or services, please inform the Coordinator of Disability Services in the Disability Services Office at 1104 University Center (227-1737). Reasonable and effective accommodations and services will be provided to students if requests are made in a timely manner, with appropriate documentation, in accordance with federal, state, and University guidelines.
