## CS122 Computer Science II

### Prerequisites:

CS120 or permission of instructor

### Text:

GUI Java (Part II — chapters 7...17) Barry Peterson & Lawrence Ellerbruch

### Supplies:

A computer with an internet connection is necessary. Free software is available.

### General Information:

This course is primarily a course in programming technique. We will look at program organization, algorithm design, and specific design features of Java.

Grading will be done about one-half on tests (of which there will be two or three) and one-half on laboratory assignments.

### Physical Disability Services:

I will help you as I can, be sure to ask!

The Coordinator of Disability Services is in the Office of Student Support and Disability Services, room 2001 in the C. B. Hedgcock building. Phone number: 227-1700; or e-mail: [disserv@nmu.edu](mailto:disserv@nmu.edu). Reasonable and effective accommodations and services will be provided to students if requests are made in a timely manner, with appropriate documentation, in accordance with federal, state, and University guidelines.
